

# It's Never Too Late to Get Straight!

**“Our family has been a part of Dr. Samaha’s dental practice for over twenty five years. That statement alone signifies that we feel a part of the Port Warwick Dental Arts family.**

**As in any ‘healthy family’, we feel unconditionally loved, accepted, and special because of the individual attention we receive from each of the staff each time we come in. The artwork and grounds are serenely relaxing with the guarantee of professionalism.**

**We were first referred to the practice by our pediatrician. In fact, Dr. Samaha and I shared pregnancy stories together along with the big bellies. And yes, all those children are now grown with healthy teeth, thanks to her diligent care.**

**Our goal as a family was to maintain holistic health practices as much as possible and simply stated, keep our teeth as we matured. Thanks to restoring all the ‘old’ silver fillings with the new cerec porcelain, ALL the silver is now gone from my mouth. That’s huge!**

**So I went straight because of Six Month Smile™ Braces. They were wonderful! Overlapping teeth that were too big for my mouth were fixed in no time! That’s amazing to me.**

**Being over sixty, I couldn’t see two years in orthodontic braces. Six months is very reasonable. The teeth movement started instantly, and it continues to amaze me how easy it was.”**
