Sally

"Dr. Samaha, in 2003 we enjoyed many of God's graces and blessings. You have played an extraordinary part in these blessings...with your heart, hands and soul, you gave me a smile that I can be proud of for the first time in my life. I have never had teeth to be proud of...you gave me a smile that is so wonderful! Now I can't even find the words to show my appreciation. You have a wonderful staff, too. You are special women...."
